

**Appendix 1 to
Annex A to
CF H Svcs Gp Instruction 4080-02**

QC & Patients Log Sheet for urine testing

Materials Required:

1. Urine test strip – SIEMENS Multistix 10SG
NSN: 6550-01-338-4677
2. Quality Control, Dipstick Dropper Urine, Quantimetrix
NSN: 6640-CF-001-9753

Method Outline: Refer to SOP & package insert for testing procedures

1. Perform Quality Control every day.
2. Read and record all results on the log sheets and patient's results on the requisition.
3. Submit the log sheets to the laboratory's Sgt or to the regional WO at the end of each quarter.
